

Electronic sirens - serie AZZ 600

public safety equipment

AZZ 600 A

- standard tones **WAIL**, **YELP**, **HI-LO** a **HORN**
- available tones **HOŘÍ**, **PIERCER**, **Y-249**, **DIN** and others according to legislative in concrete country

AZZ 600 A-LF

- tones derived from the parent amplifier

- tones and functions controlled by microprocessor
- extreme range of operating temperatures
- high efficiency and reliability
- easy installation, simple use

AZZ 600 A

siren amplifier

7 tones / 12 V or 24 V / signal HORN

- standard 3 tones + HORN, 7 tones available when ordering
- Easy installation
- max. power up to **100 W**
- **HANDSFREE function** - connection to external button, eg horn
- **HORN signal** for extended warning function
- **dimensions** (w x h x d): 105 x 20 x 68 mm
- **weight** 150 g

AZZ 600 A-100-0-12

AZZ 600 A-100-0-12 (IP66)

AZJ

control unit

- **AZJ 400 A-2-0**
 - control panel built into the panel
 - 2 buttons: day/night mode, MANUAL/HORN
 - dimensions (w x h): 52 x 33 mm
- **AZJ 600 A-3-0**
 - control panel built into the panel
 - 3 buttons: day/night mode, beacon/electronic siren, MANUAL/HORN
 - dimensions (w x h): 66 x 33 mm
- **AZJ 600 A-4-0**
 - compact design of the manual control unit
 - 4 backlit buttons with optical indication of the activated function
 - dimensions (h x w x d): 100 x 50 x 18 mm
- Rocket switch **MARQUARDT** (for IP66)

AZJ 400 A-2-0

AZJ 600 A-3-0

MARQUARDT
(for sirens IP66)

AZJ 600 A-4-0
incl. holder with
magnetic attachment

8-7050-RC-4

loudspeaker

- power: 50 W
- impedance: 4 Ohm
- dimensions (w x h x d): 110 x 110 x 72 mm
- weight: 1 kg

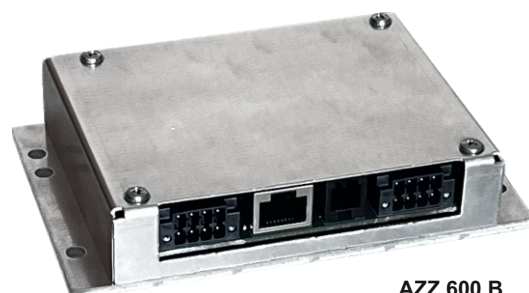

8-7050-RC-4

AZZ 600 B

siren amplifier

7 tones / 12/24 V / signál HORN

- **digital CAN bus**
- **possibility of remote firmware update**
- all tones available according to the legislation of the country of destination
- easy installation
- **max. power up to 100 W**
- **HANDSFREE function** - connection to external button, eg horn
- **function MANUAL** - quick siren activation / tone change
- **HORN signal** for extended warning function
- **dimensions** (w x h x d): 130 x 25 x 85 mm
- **weight** 250 g

AZZ 600 B

Allows you to set the operation as a low-frequency amplifier.

- **simple one-button activation and/or digital CAN bus**
- **adjustable activation time**
- not intended for continuous operation

speakers for cooperation with a low-frequency amplifier

- **AS100LF-11**

- for 12/24 V
- power 100 W
- impedance 11 Ω
- dimensions: diameter 210 mm, height 223 mm
- weight 2,5 kg

AS100LF-11

- **H 023**

- for 12 V
- set of 2 speakers for low-frequency siren
- power 50W / ks
- impedance 11 Ω
- dimensions: diameter 140 mm, height 185 mm
- weight 2,6 kg

H 023
